

KETAN SONDAGAR

Full-stack Web Developer & UI/UX Designer

Email: sondagarketan1999@gmail.com

Phone: +91 87583 92597

Full Stack Developer with 7+ years of experience in designing, developing, and maintaining scalable web applications. Proficient in backend development using .NET Framework, .NET Core, and ASP.NET MVC, and skilled in front-end technologies including Angular and ReactJS, with added expertise in UI/UX design including wireframing, prototyping, and creating intuitive, user-friendly interfaces. Experienced in deploying and managing cloud-based solutions on Microsoft Azure, leveraging services like Azure App Services, Azure Functions, and Azure DevOps. Strong understanding of full software development lifecycle with successful delivery of 15+ end-to-end projects. Adept at working in Agile environments and leading cross-functional teams to deliver high-quality software solutions.

EXPERIENCE

May 2022 - Present

Founder & Lead Full Stack Developer · TSON, Surat, Gujarat, IN

- Led full-stack development teams on enterprise-level applications using .NET, .NET Core, MVC, Angular, React.js and WordPress.
- Promoted from junior to senior full-stack developer, with a consistent record of delivering high-quality code and scalable solutions.
- Strong backend expertise in ASP.NET, C#, Entity Framework, and SQL Server, with experience integrating RESTful APIs and stored procedures.
- Front-end development skills using Angular and React.js, focused on building intuitive and performant user interfaces.
- Hands-on experience in UI/UX development, including designing user-friendly interfaces, creating wireframes and prototypes (Figma), and improving overall user experience.
- Team leadership experience, guiding developers, conducting code reviews, managing agile sprints, and coordinating with cross-functional teams.
- Skilled in project planning and architecture, contributing to solution design, performance optimization, and security best practices.

May 2019 - Apr 2022

Senior Developer · NIC - Daman (Government of India), IN

- Senior Full Stack Developer skilled in .NET, ASP.NET, .NET Core, MVC, Angular, building scalable, secure apps with clean architecture and API integration.
- Experienced in Azure AD B2C/B2B and Okta authentication, secure login, token management, CI/CD pipelines, and Azure cloud deployments.
- Managed Agile projects using Jira and Azure DevOps, improving legacy systems, creating reusable components, and delivering reliable solutions.

Sep 2018 - Apr 2019

Senior Developer · SKAP Solution, Surat, Gujarat, IN

- Experienced Full Stack Developer with hands-on expertise in .NET, ASP.NET, .NET Core, MVC, Angular, and WordPress.
- Progressed from junior to senior roles, delivering scalable web applications across the full development lifecycle.
- Skilled in building APIs, frontend/backend integration, and optimizing performance in both new and legacy systems.
- Worked on UI/UX development, including responsive design, wireframing, prototyping, and enhancing user experience for web applications.

SKILLS

Full Stack Development

- Frontend: Angular, React.js, HTML5, CSS3, Bootstrap, JavaScript, jQuery, WordPress
- Backend: .NET, ASP.NET, .NET Core, MVC, Web API, C#, Node.js
- Database: SQL Server, Stored Procedures, Entity Framework, PostgreSQL, SQLite
- Cloud & DevOps: Microsoft Azure (App Services, Azure SQL, Functions), Git, CI/CD
- UI/UX Design: Figma, Wireframing, Prototyping, User-Centered Design, Responsive Design, Usability Testing

Project & Team Management

- Team Mentorship & Code Reviews
- Agile Workflow, Cross-functional Collaboration
- Requirement Analysis & Solution Architecture

Professional Skills

- API Integration, LINQ, JSON, RESTful Services
- Performance Optimization, Debugging, Secure Coding Practices

EDUCATION

BCA (Bachelor of Computer Applications)

Saurashtra university,
Gujarat, IN 2015 - 2018
